

Oscar Villarreal Chaccourt

CLOUD ENGINEER

+52 866-186-3027 · oscar@villarrealc.com · linkedin.com/in/oscarvillarrealc · villarrealc.com

EDUCATION

Bachelor of Science, Computer Science and Technology

Aug 2019 – Dec 2024

Universidad de Monterrey · San Pedro Garza García, Nuevo León

- Completed elective courses in Artificial Intelligence, Usability, and Database Applications

LANGUAGES

Spanish — Native **English** — Full professional proficiency **French** — Elementary proficiency

TECHNICAL SKILLS

Languages	Python, PHP, JavaScript, TypeScript, Go, SQL
Frameworks	Laravel, Django, FastAPI, React, React Native, Next.js, Tailwind CSS
Cloud & Infrastructure	Google Cloud Platform (Cloud Run, Cloud SQL, Cloud Build), Terraform, Docker, Linux, Apache, Nginx, Cloudflare
CI/CD & DevOps	Git, GitHub Actions, Cloud Build, CI/CD pipelines, containerized deployments
Databases	PostgreSQL, MySQL, Redis
Architecture & Systems	Microservices, Multi-tenant architectures, REST API design, distributed systems

EXPERIENCE

Aindez — Cloud Engineer

Oct 2025 – Present

- Designed and deployed a multi-tenant architecture with per-organization service isolation
- Built infrastructure using Terraform with automated provisioning and environment management
- Implemented CI/CD pipelines for deployments and database migrations
- Orchestrated services across cloud providers (GCP, Railway)
- Managed PostgreSQL databases with tenant isolation strategies
- Built a Go CLI for platform administration (login, org switching, schema import/export, integrations, routines)

Industrias Vago México — Full Stack Developer

Apr 2025 – Present

- Designed and deployed a full e-commerce ecosystem (web + mobile)
- Implemented API-first architecture shared across web and React Native clients
- Built Dockerized microservices and integrated caching with Redis
- Developed CI/CD pipelines for automated deployments
- Managed cloud infrastructure and server configuration (GCP, Linux, Apache/Nginx)

DITSI — Junior Frontend Developer (Internship)

Aug 2023 – Dec 2023

- Developed responsive UI components for a university system
- Improved usability and performance through testing and optimization
